Pollution Board Sets Deadline for Compliance; Prosecution Threatened

SAN DIEGO (CNS)—The State Pollution Board voted a cease and desist order last week against the County Board of Supervisors, in their roles as directors of the Spring Valley Sanitation District, to complete construction on facilities to end present discharge of wastes in violation of waste requirements, and to show an intent to comply with the order by December 18, upon threat of turning the case over to the district attorney to prosecute.

The action calls for construction work to begin by December 1, 1961, and to be completed by June 1, 1962.

The cease and desist order is one of the most drastic actions taken by the Regional Water Pollution Control Board to meet a local sewage disposal problem.

A proposal that property owners in Spring Valley should, and can build a $2,000,000 sewer trunk line down Sweetwater Valley and then sell shares in it to communities nearby having sewerage disposal problems was also advanced to the pollution control board at the session in the primary health building at civic center.

Warren Barney, chief of the engineering division of the county public works department, which operates the Spring Valley Sanitation District, said the proposal would not result in higher taxes for the district. He even predicted the district could make money by selling shares in the capacity of the line to National City, Chula Vista and the proposed City of Bonita.

In the crowded session one other event took place when Dr. J. B. Askew, county public health officer, delivered a scathing attack on the organizers of the move to incorporate the Bonita area into a city.

Askew's attack on the move to incorporate Bonita came during discussion of the difficulty in getting the communities involved in the Spring Valley-Sweetwater Valley sewerage situation to reach an agreement on a common course of action.

"We were disconcerted by the incorporation action," he said, "after efforts to work out a solution down there. One day we heard about the move, and the next day it was on record and blocking any further work by us.

Barney reported that the people in favor of incorporation had expressed support for the trunk line project, but Askew said, "I have known new cities to be formed, and I'm not hopeful of any new

Youth Confesses to Breaking 24 Windows

Sheriff's deputies solved the pesky "window shooting caper" Sunday in Lemon Grove with the aid of a sailor from the USS Richard Edwards and some fast accelerator work on the part of two deputies. At the end of the game the score stood at more than 24 windows broken and a property loss of more than $4,000.

Apprehended and admitting to breaking at least 24 windows in the Lemon Grove area with a BB gun was Spencer E. Klegg, 18, of 4117 Madera street, near San Altos in Lemon Grove. Two juveniles, one living at 4838 Bancroft street, Spring Valley, were remanded to their parents.

Credited with solving the case is James E. Rash of the USS Richard Edwards who was driving past the Lemon Grove Jack-In-The-Box, Broadway and Grove st. early Sunday, near midnight. He said he saw the Klegg man take a bead on his car with a pellet gun, and simultaneously heard his car window break. Rash doubled back and pursued the Klegg auto, which was trying to get away.

Sheriff's Deputies R. Buchanan and James McBride took up the chase when they observed the two cars traveling at a high rate of speed.

In Klegg's car was an air pellet rifle. Klegg readily admitted to being the long-sought window-breaker who has left a trail of glass fragments throughout the business and residential area.

Sheriff Sergeant Bob Ryan said the window damage would exceed $4,000. Klegg said he did it just for fun. He was booked on a charge of malicious mischief.

The DIMMER VIEW

by MAX GOODWIN

This week we deviate from our normal procedure of publishing a picture of a violent death.

It is the picture of a young man who died last week in an intersection accident on Skyline Drive at Canton street in Lemon Grove.

The photo, shown elsewhere in this newspaper, is not intended to incite those who revel in disaster. As destructive as the accident is, just so constructive are our reasons for publishing it.

The warning that road hazards increase as holidays near is one that we can not voice too often. The other reason for the picture is to again call attention to our county government on the inadequacy of Skyline drive. The two narrow lanes which carry more traffic than many four-lane thoroughfares has been the object of petitions to the county supervisors and the road department for several years.

The thousands of homes that have been built nearby with thousands of autos feeding into Skyline, en route to or from the freeway, would indicate that the road should have been given improvement priority a long time since. Opening Canton street to Mt. Miguel high school produced another traffic burden never intended for so mere a road.

The dead young man, just 23, probably was never aware that residents in the Skyline area had bitterly argued for aid on the dangerous road. He would be no less dead if he had known of it.

How can our county government wait for the 1961-62 budget to protect the users of Skyline drive?

Skyline must be improved before another fatality occurs.

Dog's Doings, Petty Thefts Give Sheriff's M Busy Week

Joe Scola has a little pooch,
and oh, he loves it so,
That everywhere Joe Scola went,
that pooch, it sure must go.
(With apologies to Mary)

That was the case early this week when Marion Joe Scola, 1146 South Bonita, Spring Valley, stopped in at the El Vaquero Cafe, 9851 Campo rd, for a cheering beer. The dog accompanied him. Marvin Eugene Bock, 10429 San Carlos, Spring Valley, was there enjoying a beer, and when he saw the dog made a snide remark. Scala said he loved that little dog very much and Bock replied "If you love him so much why don't you kiss him?"

"They kicked up a divvil o' a row just then" as the old Irish song goes, it ending up with Joe Scala standing outside the door of El Vaquero, sans beer, but with a bloody nose and a shiner fast turning purple, and muttering imprecations against Bock. When Sgt. L. B. Aubuchon of the Lemon Grove branch Sheriff's staff arrived, Scola was very insistent that he was going back and continue the fight. Just about then Mrs. Scola arrived from her marketing tour and persuaded her irate spouse that discretion was the better part of valor.

The chief witness to the affray was Mary Oshel Barn who runs the bar. She said when Scola came in with the dog she told him no dogs were allowed. He ordered the beer, saying he would drink it outside and while she was turned to draw it, she heard a scuffle and found the fight had begun.

Stretcher-Finder Sought by F.D.

The Lemon Grove Fire Department are seeking a stretcher lost Saturday while responding to an emergency call at 1:30 p.m. The stretcher, valued at $30, flew out of the truck as the vehicle crossed the railroad tracks at Central. A department representative saw a person in a 1951 Kaiser pick the stretcher up. The vehicle continued to the emergency at 2510 Massachusetts ave., where 12-year-old Donnie Jenkins had fallen 35 feet from a pepper tree. He was taken unconscious to Naval hospital where he regained consciousness. He suffered no broken bones.

The department responded to a false alarm set at 1611 Svea Ct. Friday, and they doused a fire in an auto at Food Basket parking lot Sunday. It was caused by a short. Damage was minor. The car is owned by D. Roberts, 1501 Koe st.

On Friday, juveniles set fire to cardboard boxes in the rear of Sprouse - Reitz variety store but made their escape before the firemen arrived.

L.G. BEING INVADED BY SANTA CLAUSES (HOORAY!)

With enough Santa Clauses to shake a couple of sticks at (as if anyone would dare) the Lemon Grove business district reaches its Christmas season climax.

The high spot will come when Santa rides down Broadway Wednesday afternoon in a real sleigh pulled by real reindeer. One of them has a brilliant red nose. The reindeer, that is.

Meanwhile, another Santa is parading the business streets handing out goodies to good boys and girls who are shopping with their parents. He distributes his wares daily from to 8 p.m. He is sponsored by local merchants.

The appearance of Santa on his sled will be attended by three days of free shows at the Grove Theatre. Two full hours of cartoons and comedies will be shown Wednesday, Thursday and Friday next week at 10 a.m., 12 noon and 2 p.m. Free tickets may be obtained beginning today at any of the sponsoring firms. These are U.S. National Bank, Molly's Broadway Texaco Service, Don Diego Market, Pal's Steak House, Burriston's Fine Shoes and the office of this newspaper at 7834 Lester avenue.

No purchase is necessary and tickets are available for every youngster in the family. . .and the neighbor's kids, too. The projects are the local business firms' way of saying "thanks" for your patronage.

PLEASE—Bozo, the clown, pleads with H. R. Vogt, general manager of Boldrick's Fine Shoes, to let him put on still another show for youngsters hereabouts as the firm's newest store opens this week on Thursday in Lemon Grove at Broadway and Grove streets.

Vogt said "yes" and Bozo will make three appearances Saturday at the Grove Theatre and free tickets may be obtained from the firm's store. Bozo will be at the store between appearances at the theatre.

The new store will be called Burriston's Fine Shoes honoring Ross Burriston, the firm's president.

ry Air Mail

With the Christmas mail load hitting its peak within the next few days, Postmaster F. Faucher expressed his appreciation today for your cooperation on his annual "Mail Early For Christmas" Campaign.

"While it's too late to talk about early mailing of Christmas gifts and cards," the Postmaster said, "you can avoid disappointing your friends and loved ones on Christmas Day by using Air Mail. There's still time for local deliveries, but be sure to send all Christmas cards by First Class mail, and do include your return address on all Christmas card envelopes and package labels.'"

The Post Office will be open Sunday from noon until 4 p.m.

YOUNG DEMOCRATS ELECT STONE AS PRESIDENT

Charles Stone of El Cajon was elected president of the San Diego Young Democrats last week.

Stone was elected to succeed Conrad White, president for the past year. Stone, 24, is an engineer and served as the San Diego County co-ordinator for Kennedy Clubs during the presidential campaign. Other officers elected were Tom LaVaut, vice president; Miss Jackie Richards, secretary; and Cecil Fuentes, treasurer.

New Subscriptions Near 1,400 In Newspaper Drive for Readers

The campaign for new subscribers passed the thousand mark last week when the total hit 1,065. This week, 313 new subscribers were listed and the grand total to date is 1,378 with three more weeks to go.

The new subscribers are in either Lemon Grove or Spring Valley and each will receive the issue of the paper relating to their community. In each instance, as the subscription fee is received, a contribution is made to the Fire Relief Association in their community.

These funds, amounting to 25 cents for each subscriber, wil be used by the Association for whatever needs the Association may wish. The Fire Department itself does not receive any of the money in that the Department is tax supported, and upkeep, maintenance and equipment is paid for by property owners.

The Association usually uses their funds for aiding hurt or needy firemen; buying articles for the comfort and convenience of the firemen's quarters; aiding needy families, and for the annual Toys for Tots program in which many fire groups take part.

The list of persons who said "yes" to the staff of telephone solicitors came predominantly from Lemon Grove homes. Previously, the emphasis was in Spring Valley. In any event, 313 came from the combined communities this week. They are:

Ordinance Changed For L.G. Sign

SAN DIEGO (CNS) — The plan of the Lemon Grove Chamber of Commerce to post a sign on the Highway 94 Freeway to attract customers and residents to Lemon Grove has resulted in two public hearings to be held Friday morning before the County Planning Commission.

One hearing is on a zone change to allow the sign to be erected on the land the chamber has selected; the other is on a change in the law to permit such signs in the future in any area, upon the issuance of a special use permit.

Supervisor David W. Bird recently started the ball rolling to clear the way for the Lemon Grove sign and to enable any other signs "for public or quasi-public use" to be erected in any area.

The zone change to be considered is from M to M-2, or from a lighter to a heavier industrial use, for almost 17 acres between the freeway and Federal blvd., 400 feet northeasterly of San Miguel ave.

The change in the ordinance, which now restricts where signs may be placed, will be limited to signs for "directional or informational" purposes.

DEATH CLAIMS DRIVER ON SKYLINE DR.

INSTANT DEATH — Martin H. Gastanaga, 23, a sailor of the destroyer Guerke, was killed instantly last week in Lemon Grove. He was involved in a collision last week on Wednesday night at Skyline and Canton drives. (See "DIMMER VIEW" editorial)

Four other persons were injured including Gastanaga's wife, Janet, 20, and Eleuterid Ortiz, a Naval Hospital sailor, passengers in Gastanaga's car.

Injured in the other car were the driver, Charles William Mehlberger, 19, of 2555 Hardy drive, Lemon Grove, and his passenger, Karen Markuson, 19, of 2970 Cypress avenue, Lemon Grove.

The injured were treated at Grossmont hospital. Mrs. Gastanaga and Mehlberger suffered major injuries, Miss Markuson, a head injury, and Ortiz, minor injuries.

The accident occurred near midnight at the cross street leading to Mt. Miguel high school

Subdivision Ordinance Passes After Two Years of Hassle

SAN DIEGO (CNS) — An ordinance to control divisions of land into two or more parcels in county areas was passed Thursday by the County Board of Supervisors, after two years of bitter controversy.

The new ordinance is not to be effective until March 6, to give the planning department time to set up the machinery to enforce it.

This new ordinance will fill the gap between the lack of county controls and the state restrictions, which apply to divisions of land into five or more parcels.

County controls, in one form or another, have been opposed by highly organized groups.

The ordinance, as finally approved, follows closely a draft drawn up by a group of real estate people, civil engineers Farm Bureau representatives, taxpayer association spokesmen, contractors and county officials.

The committee was appointed by Supervisors in July, 1959. It submitted its proposal in March, 1960 and the matter has been before Supervisors off and on since then.

The previous county control on divisions of land was repealed by Supervisors in June, 1959, as the result of a campaign against controls that started in December, 1958. Since the repeal of county controls, the only law regulating land division have been state acts, which were only designed to affect divisions into five parcels or more.

The newly passed ordinance to control divisions of land is intended to insure that all parcels resulting from such divisions are useable, from the point of view of size and shape, for the establishment of a sewage disposal system and for access to a street of adequate width.

The ordinance, except for the divisions of large parcels which are exempt from controls, provides that any division of a piece of land, into two or more pieces, shall be subject to review by the county planning department.

The purpose of the law is to provide a "quick and inexpensive" means of dividing land, and provisions are made for automatic approval of some land divisions.

All decisions are subject to appeal to the County Board of Supervisors. Supervisors also retain the power to pass on all rules the commission may adopt in connection with the ordinance.

Mt. Miguel Speech Team Triumphs

Mt. Miguel high school's speech team emerged as the winner of the San Diego Open Speech Tournament at San Diego State college last weekend in which 476 students from 33 schools in the area participated.

The Mt. Miguel victory ended the dominance of Sweetwater high school which had captured top honors in the speech sweepstakes for the last five years. More than 100 students participated in each speech event.

In commenting on the local school's victory, in which it garnered 61 points, Robert Sanders, Mt. Miguel speech coach, said, "This has been our goal for four years and we finally made it."

Sanders pointed out that the interpretive area is traditionally the most difficult, but that this year his students were strong in that department.

Student winners in the original oratory open were Bud Carey, first place and Dudley Griffin, second place; in the girls oratory open, Linda Thompson third, and Sue Ferguson, fifth; humorous interpreation, Ted Taylor, sixth.

The extemporaneous division included advanced and novice entrants and included the following winners in Boys' A group: Bud Carey, first, and Dave Weening, fifth; Boys' B, Paul Munyon, fourth and Merrill Zimmerscheid, second; Girls' B, Kathy Herbener, fifth and Carole Urbanac, third; in impromptu speaking, Carole Urbanac first in Girls' B, Paul Munyon, fifth in Boys' B; and Bud Carey second in Boys' A.

Dudley Griffin captured third and John Hoffman, fourth in poetry; Bea Weeks won third place in dramatic and original interpretation.

Sanders credited the rival Sweetwater team and their coach, Joe Lagnese, with providing his own charges with a fine incentive and standard toward victory.

Burglars Enter Seven S.V. Establishments

Petty thefts were in evidence again this weekend in Spring Valley as another rash of burglaries were reported to Sheriff's Deputies.

Some methodical, but apparently youthful burglars broke into the Robinson-Green plumbing shop last Saturday by sawing a hole in the front door, took money from a desk and keys to a soft drink machine in an all-night laundry next door. They pried their way into the Casa de Oro barber shop next door, emptied the cash register of some change and re-entered the laundry, breaking open the coin boxes on the washing machines and leaving the floor strewn with change. They doubled back on their tracks and ransacked the barber shop and the plumbing shop for an estimated $400.

Wallace Johnson, owner of the Builders Supply, 9985 Campo rd., reported 40 gallons of gasoline taken Sunday. A padlock was opened on the S.V. Service Station, 8807 Troy st., early Monday and the office ransacked. So was the garage next door. Missing were a roll of pennies, a battery, some candy and gum. The lock was opened by a key according to the owner.

On Monday about 3 a.m. a hasp was pried off the B&W Hardware, 455 Sweetwater rd. but apparently nothing had been taken.

An attempt to break open coin slots on washing machines at the La Presa laundromat was reported Monday. Three rocks had been thrown through the front window of the store.

MT. MIGUEL VACATION STARTS MONDAY

S.V. Sewers Get Stopped

(Continued)

city being helpful. Sewage disposal is usually one of the last things they think of."

Barney's proposal that Spring Valley go it alone makes the first break in the existing stalemate.

He said that letters to Chula Vista, National City and San Diego, asking what those communities would contribute toward the expense of building the trunk line, had brought no response from their city councils.

"This could go on for many months," Barney said. "But the situation is urgent, and it would be a proper action for the Spring Valley district to go ahead alone and later sell shares to other cities."

Barney explained that the action would be similar to that of the City of Diego in its metropolitan sewer plan. He pointed out that San Diego is selling shares to all metropolitan communities, both for use of the trunk line around the bay and in the capacity of the disposal plant at Point Loma.

Questioned as to why he said it would not cost Spring Valley taxpayers anything, Barney declared that the district has built up a surplus of almost $250,000 in just two and a half years. He said that a $2,000,000 bond issue, paid back over a 35-year period, would not increase the tax rate.

"This is entirely within the ability of Spring Valley to accomplish," Barney said, "but whether the people would vote the bond issue I have no way of knowing. But I think they could money on the the deal by selling shares in the line."

Barney also said the present assessed valuation of the Spring Valley area is $17,000,000. He indicated the growth would make financing the bonds even easier. Where the idea has been discussed, it has been favorably received, Barney declared.

It was also brought out that construction of the line by a group of private investors has been discussed. This was mentioned by a Spring Valley resident who did not give his name, and Barney said that the session that the proposal was for this group to build the line as an investment and then sell shares in its use, just as he proposed for Spring Valley.

The water pollution control board, in addition to the cease and desist order, also imposed a limit of a million and a half gallons discharge from the disposal plant in any day. Barney said the average now is close to that, but he also said that it has peaked to a million and eight-tenths gallons daily.

The requirements as to purity of effluent discharged were also tightened up in a new Board resolution. Among other things, this calls for an end to discharges that result in foaming, scum or unsightly fungas downstream in the Sweetwater Valley.

The regional board's action is expected to result in new Spring Valley district cutdowns on connections from the County Board of Supervisors. It was even predicted that an order might come to stop the issuance of building permits within the district and a limit of connections to hardship cases where septic tank breakdown might cause a health problem.

Heiserman Given Eagle Scout Award; 'Tree' Lot Sponsored

Newest Eagle Scout in this area is Daniel Heiserman, 19, 1601 Cameron dr., who was presented this highest award in scouting early this month at the First Congregational church in the troop court of honor by Ben Ela.

Heiserman started his work in Scouting in Burbank as a Cub Scout in 1950, and was graduated as a Webelos Scout in 1952, at which time he entered troop 11 in the Busy Bee patrol.

Upon moving to Lemon Grove he started with troop 108, then transferred to Explorer post 309. While with these groups Heiserman earned the "God and Country" award, considered by many to be equivalent to that of Eagle Scout.

Awards distributed at the event were second class badges to Emory Ball and Fred White; first class badge and horsemanship merit badge to Gary Gomes; public speaking badge Richard Ridenour; and physical fitness badge and recognition for passing the star rank to Chris Heiserman.

Scouts Richard Ridenour, Gary Gomes, John Hankel, Keith Ridenour, Christ Heiserman, and Emory Ball were given their camp patches for attendance at Summer Camp.

Tenderfoot badges were given out to Scouts, Jim Hogan, Dean Eckler, and David Eckler. Richard Ridenour, Emory Ball, John Hankel, and Fred White conducted the usual ceremony. Ray Hesierman made the presentations.

Installed as one of the troop's assistant scoutmaster was Pat Hogan.

The troop is operating a Christmas tree lot at Pacific and Olive streets, according to a report by Frank Hankel at the meeting, and sales for trees sold have reached $42. Adult supervision has been organized and the boys were to be notified later in the week.

The next court of honor is scheduled for February.

Telephone people have an important part in America's effort to send man into outer space. Western Electric, the manufacturing branch of the Bell Telephone System, heads a group of companies building a world-wide network of tracking stations.

The stations will track the capsule and send command signals to it. They will also receive signals reporting the spaceman's physical condition and provide direct communication between him and his earthbound colleagues.

The National Aeronautics and Space Administration sponsors the project.

On behalf of all of us here at the telephone company, I want to wish you the happiest of Holiday Seasons. We hope the New Year holds many good things for you. The story centers around Pembie, a little dwarf, who was lamed by the jealous forest princess, because he was loved by everyone in her kingdom, when she thought she should receive all the attention. But Pembie wins out in the end and proves that one finds happiness by making others happy.

The list of mumps sufferers is growing, the latest victims being Leila Branscomb, and Sydney Merritt, Avondale's PTA president.

Our thanks to Loisene Copeland, Avondale's school secretary, for the care she takes of our children. When the rains came, the clothes lines she put up in the boiler room, to dry out socks and other clothes, had the look of a communal wash room.

SCOUT NEWS

Girl Scout Troop 453, under the direction of leaders Pat Turner and Jo Ann Gapp, are making stuffed animals to distribute to a children's hospital for Christmas.

Court of Honor ceremonies for Boy Scout Troop 357 were held in Bancroft's multi-purpose room recently. A large number of enthusiastic parents were present to watch their sons receive awards.

Bruce Heimaster became a tenderfoot scout. Jay Shepherd, Gard McKinstry, Mike Nelson and Dave Carlson made second class scouts, and Roy Freemen became a first class scout. Since there are now five dens in Cub Pack 357, also sponsored by the Avondale PTA, den chiefs were appointed. They are: Rusty Harlan, Don Metcalf, Bob Calkins, Jay Shepherd, and Jim Follas.

Last March, soon after this troop was organized, Roy Freeman and Wayne Walker of the Panther Patrol made a patrol flag, which they entered in the Green Bar Bell contest in Boys' Life, for which they received a letter of recognition.

The Hawk Patrol, which have the highest average for attendance and dues paid to date in the troop, posted the colors for this meeting.

CHRISTMAS PARTY

The Mothers' Auxiliary of Boy Scout Troop 357, met recently in the home of Mrs. J. C. Rose, with Mrs. John E. Peverly presiding.

The evening was spent packaging candy for the boys, rehearsing the mother's singing group, and making final arrangements for the Christmas party that they and the Boy Scouts are giving for younger brothers and sisters of troop members on December 19, in the multi-purpose room of the Rancho school at 7:30 p.m.

Sue Ann Peverly and Roberta Brown will sing a duet, accompanied by Raymond Woods, following which there will be games, prizes and a visit from Santa Claus.

AVONDALE PTA

Avondale PTA's next meeting will take place Tuesday at 7:30 p.m. in the multi-purpose room of Rancho school.

Following the shortest business meeting in Avondale's history, 5th and 6th grade students will entertain with a choral group under the direction of Mrs. Meier and Mrs. Sciacqua, and a Christmas play under the direction of Mr. Morton and Mrs. Burley.

More surprises are planned for this meeting, and refreshments will be served. Bring the children too, for those old enough will enjoy the entertainment; the younger ones can spend the time in the child care room.

SAFETY PATROL

Members of Avondale's Junior Safety Patrol have been invited to attend a Christmas party at Camp Mathews, Saturday.

The boys will be picked up at 8 a.m., in front of Avondale and returned there about 3 p.m., traveling both ways by School District bus, accompanied by Mr. Donald Barnes, Avondale's principal, and Mr. Wm. Heidbreder, one of Avondale's teachers. It is hoped that the Avondale PTA will underwrite the cost; $1 per boy.

Jaycee 'Happy Barrels' Christmas Drive Lags

"Happy Barrels," the Lemon Grove Junior Chamber of Commerce Christmas Food and Toys Drive, needs help.

The collection drive, the first of its kind sponsored exclusively to help residents of Lemon Grove and Spring Valley, was reported going slowly at time of publication, according to Biff Barrett, Jaycee president.

"We've been waiting for shoppers in Lemon Grove to discover the packing cases with the hand-painted signs. So far," said Barrett, "we've had wonderful response from the merchants who have been explained the idea of our project. They have given toys or merchandise slightly damaged and even brought things from their homes."

Junior Chamber Project Chairman J. C. Lettow, explained that 15 'Happy Barrels' are placed in Lemon Grove markets, shops and department stores to receive food and toys. "We hope that shoppers, in the spirit of Christmas giving, will buy something extra — food, toys or clothes, and drop them into our 'Happy Barrels'".

Toys have already been collected and some repairs have been made by Jaycees who are using their own workshops for the repairs.

Food has been donated and is being stored in the hope that enough canned goods and dry foods will be donated so that 15 to 20 families will receive Christmas food supplies.

A religious film is being sponsored by the Jaycees, Wednesday, Dec. 21 at the Lemon Grove Women's club, with proceeds to buy Christmas turkeys and hams for the families.

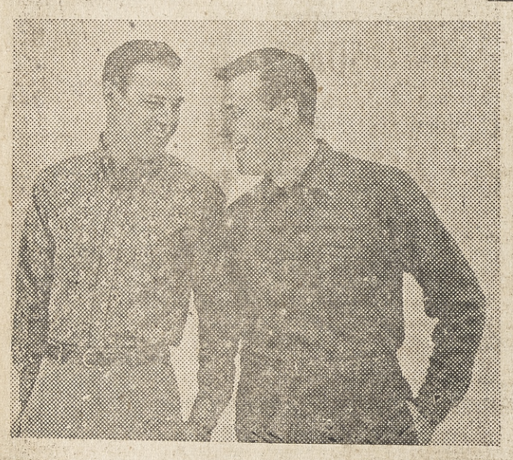
A NEW IDEA for decorating your Christmas greens, front door, windows or holiday paper items are frosty "Holiday Sprinkles." They are pellets resembling snowdrops, mistletoe and holly berries. A can of adhesive is included in the package that contains three bags of these plastic decorations. After the holiday, they may be removed with common soap.

By OSBORNE-KEMPER-THOMAS



SPORTS SHIRTS MAKE FASHION NEWS FOR CHRISTMAS with bolder prints and new knit textures. At left, an oldtime "shirtmaker sign" print on cotton oxford in a button-down collar model. Right, wool knit in a honeycomb texture trimmed with contrasting jersey. Patterned trousers are in tone-on-tone checked worsted flannel. Woven braid belt at left has leather tabs.

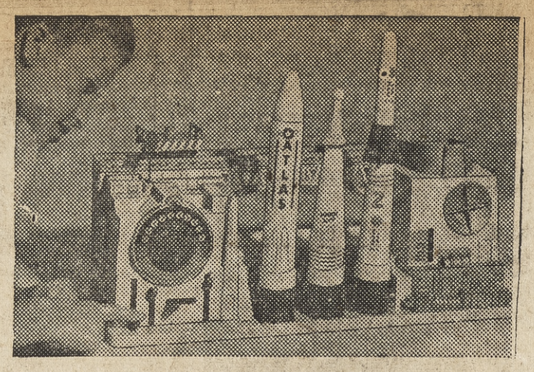
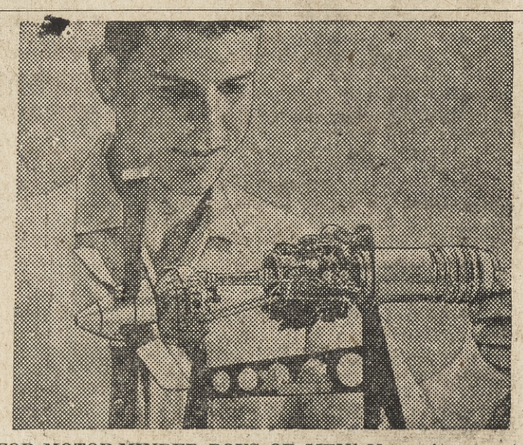
EXCITING GIFT WRAPPING HINTS: An elfish Santa on a shiny gold wrap with features and cap of red and white gummed papers. A sleigh made of a box wrapped in bright red, with runners cut from silver gummed paper, trimmed with red stars. Wrap a child's package in deep blue paper; make slits in ribbon on the package and tuck in lollipops, top with a candy cane, paste on big gold stars. For a tot, choose wrap of merry little fawns; loop red and white tyings to resemble ribbon candy. Fasten loops with cellophane tape. For "languid Leo," fringe a circle of colored gummed paper, cut a tail of the same color and paste to the wrap. Black pipe cleaners and gold legal seals form the cage.



"ZERO IN" ON THIS GIFT FOR BOYS! It's the "Count Down," an electronic missile control base just like the Army's vital missile launching nevre center. The rockets blast off up to a height of 35 feet. It's constructed of sturdy plastic; operates on standard flashlight batteries.

By IDEAL TOY CORPORATION



FOR MOTOR-MINDED BOYS OR MEN! No engine secrets for the one who assembles the plastic parts of this fully detailed 16-inch scale model kit of an actual Allison prop-jet aircraft engine. All gears are workable and the variable pitch propellers rotate. In each kit is included "The Story Behind Prop-Pet Power," written by one of our foremost aircraft engineers.

HOLIDAY SEASON SWEATERS are handsome to wear or give. Both the zip cardigan at left and the striped V-neck at right are in a blend of lambs-wool and orlon. Sweater at left has a two-way collar that can be zipped up as a turtleneck or worn open continental style.

FINE SHAVERS FOR THE FAMILY: At left, for mom or teenage sis, a delicate shaver that adjusts for legs and underarms. For dad, the shaver at the right will do the job of eliminating the toughest beard without injuring the tenderest skin. For brother, or bachelor uncle, the center shaver is designed to keep him looking neat anywhere. It's cordless; requires nothing but whiskers.

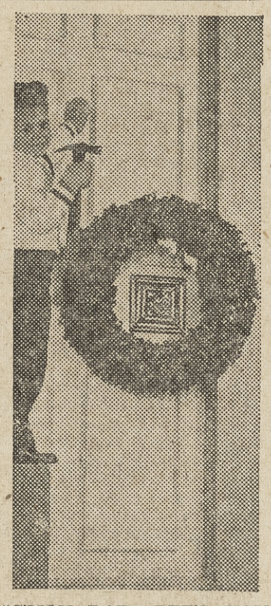
FOR THE BELLE of the Christmas ball, this majestic gown with a removable train. Luxurious taffeta of Eastman Estron acetate is trimmed with velvet appliques and seed pearls.
A BRIDAL COUTURE Creation

Two out of every three coffee drinkers use cream, milk, evaporated milk, condensed milk, or dry whole milk in their coffee.



"C'MON DAD, LET'S HANG THE WREATH," says Junior, and he knows just where the holly wreath will look best as it extends holiday greetings to passers-by. And the handsome brass escutcheon with its Colonial knob design, will make a welcome gift for some homeowner on your Christmas list.

The postwar revolution in rail motive power is pointed up by the fact that steam locomotives in War II hauled 97 per cent of all rail freight traffic. Today, diesels haul 97 per cent of such traffic—steamers, less than 1 per cent.

A Great Britain doctor suggested the use of cow's milk as an emergency treatment for first and second degree burns. He recommends the immersion of the burned area in milk.

"Our local paper is the most looked forward to event of the day," say the California dairy farmers. "It is like ice cream at the end of a meal, the most easily enjoyed, most relaxing item of a busy day."

THIS IS THE EYE

of the new Polaroid Electric Eye Camera. It is a new kind of eye—a *micro-eye*, small as a matchhead, yet almost as sensitive as a human eye. It can even "see" *indoors* at night!

AUTOMATIC This electric eye sets the camera for you automatically for pictures *indoors* as well as out. It computes and sets the correct lens opening and shutter speed for any kind of lighting. All you do is aim and snap.

WORKS ANYWHERE Because of its radical design, this new camera works automatically over the widest range of any electric eye camera—from brightest beaches to shadowy interiors.

NO FLASH BULBS Indoors at night, your room lights are all that is necessary to make the picture, using the ultra-sensitive 3000 Speed Polaroid Land film. The Polaroid wink-light fills in shadows.

AND SHARP! Pictures in bright outdoor light are always in perfect focus. Everything in the picture from three feet to miles away is needle sharp. And fast action is frozen by shutter speeds that actually approach 1/1000th of a second.

. . . PLUS INSTANT PICTURES TOO! Every picture you make with this camera is ready to be enjoyed on the spot, just moments after you click the shutter. Isn't this the way to take pictures?—Come in for a free demonstration.
